Lightweight, durable aluminium housing. Available in 5 metallic colours

## Package Contents:

- Mini MusicMan Wireless Soundstation BT-X2
- USB power cable
- Audio cable
- User manual

### Multipurpose

Connect to a large amount of devices, like MP3, iPhone, iPad, iPod, PSP, mobile phones, PC, Notebooks, etc. Micro SD card support and connection via 3.5 mm AUX makes this small sound-bomb really useful in traveling, hiking, camping, etc.

### Clear Sound

Delivers excellent sound from integrated high quality speaker. Crystal clear sound and strong bass without distortion even at highest volume. Play time of 8-10 hours won't let you get bored.

### Easy Installation

No need to worry about difficult and complicated settings to just play your music. All you need is sound-source (Bluetooth, micro sd card, aux plug in) – turn device on and enjoy your favorite music.

### Durable

Aluminium housing, available in 5 metallic colors. So, if you're looking for strong, multifunctional and stylish look sound-station – that's your choice.
