

Blood Pressure Measuring Instrument B06T

Device for precise blood pressure and pulse rate measurement on the upper arm

- Precise measurement on the upper arm of systolic and diastolic blood pressure as well as pulse rate (oscillometric method)
- Voice broadcast function
- Bluetooth connection (V4.0 & 3.0) with Smartphone
- Operating through iOS or Android APP
- Unlimited number of users
- 1-key operation on device
- Storage of the last 99 measurements (Value, Date, Time)
- Ø value function of the last 15 measurements
- LED charging & Bluetooth indicator
- Blood Pressure result indicator
- IP21 protection class (against solid debris/material with Ø 12.5mm & vertically falling water drops)
- Cuff and main unit are integrated as one part
- Use at home or in ambulances
- Clinically proven accuracy and user friendly design

Technical Specifications:

- Oscillometric measuring method / Capacitive pressure sensor
- Cuff size 22–36cm / Cuff pressure display range 0–299mmHg
- Measurement range: Blood Pressure 0–280mmHg (0–37.3kPa), Pulse 40–199beats/minute, DIA 40–130mmHg; SYS 60–230mmHg
- Measuring resolution 1 mmHg
- Accuracy: Blood Pressure ± 3 mmHg (0.4kPa), Pulse $\pm 5\%$ of the reading
- Built-in rechargeable lithium ion 800mAh battery 3.7V
- Charging time ~3–4 hours
- Working time ~150x measurements
- Stand-by time 7~21 days (depending on the frequency of use)
- Automatically power OFF after 2 minutes when not in operation
- Material: ABS, bladder and cuff are latex-free
- Weight / Dimensions: 252g / (L) 12.1 x (W) 6.7 x (H) 3.0cm

Compatibility:

Compatible with iOS6 or higher & Android 4.4 or higher (not compatible with MAC or Windows Phone)

Package Contents:

- Blood Pressure Measuring Instrument B06T
- Micro USB to USB charging cable
- User Manual

EAN-Code:

4260358121130

Article-No. 4531
