Keep this user manual for future reference or product sharing carefully. Do the same with the original accessories for this product. In case of warranty, please contact the dealer or the store where you bought this product.

Warranty 2 years

If you drill a hole in the wall, please make sure that power cables, electrical cords and/or pipelines are not damaged. When using the supplied mounting material, we do not take the liability for a professional installation. You are entirely responsible to ensure that the mounting material is suitable for the particular masonry, and that the installation is done properly. When working at higher altitudes, there is danger of falling! Therefore, use suitable safeguards.

Operation

This product serves as a light decoration and is intended for use in outdoor and indoor area (protection class IP44: protection against ingress of dust & against splashing waters). This product is not suitable for commercial use.

For outdoor use → follow these steps

- Use the hex screw, locking washer, and washer to attach the ground spike to the pivot mount (see above).
- Place the Projector with the ground spike at the desired location into the ground.
- Position the projection by changing the angle of projector. Extension cables that may be used must be suitable for the outdoor area. Make sure that the plug connection is never placed in or under water, eg in puddles or in places where rain water could accumulate.

Hints

- Make sure you lay the cable in a way that the danger of stumbling is avoided.
- Never hold or carry the device by the power cable.
- Do not clamp or damage the power cable.
- Ensure that the power adapter do not come into contact with water, steam or other liquids.
- You have to check the complete construction at regular intervals for functionality, tightness and damage to prevent the defect of the device.

Safety instructions

- Rebuilding or modifying the product impairs product safety.
- All modifications and repairs of the device or accessories must be performed by the manufacturer or by persons expressly authorized by the manufacturer.
