

Solar Balcony Power Plant 600W WiFi TX-265

Solar system to reduce your energy consumption incl. WiFi

-  Plug and Play
-  800W Inverter
-  2x325W Solar panel
-  5m Connection cable
-  High safety standard
-  On grid system
-  Energy monitoring via App

- Attach to flat roof, terrace, balcony, fence and much more possibilities
- Easy installation: connect, start, save power
- Data acquisition of energy production
- Suitable for feeding electricity into the 230V household grid
- Maximum feed-in power of the inverter 800W
- Ideal for covering the base load during the day in your home
- MPPT tracking for optimal power feeding
- VDE compliant

Technical Specifications:

Solarpanel: Monocrystalline

- Cable connection: MC4
- Max. power: 325W
- Operating voltage: 31.60V
- Operating current: 10.29A
- Module efficiency: 22.70%
- Cable length: Module1=90cm / Module2=90cm
- Operating temperature: -40°C ~ +85°C

Micro Inverter 800W

- Nominal output power: 800VA
- Configured to 600W, automatic update after change of law
- Nominal output current: 3.48A
- Nominal output voltage: 230V
- Operating temperature: -40°C ~ +65°C
- Transmission: Built-in WiFi
- Frequency range: 2.412 - 2.472GHz
- Radiated transmit power: max. 18.4dBm / 69.2mW
- Weight / Dimensions (total): 38kg / 155.5 x 103.8 x 8cm

Compatibility:

App «S-Miles Installer»: iOS 13.0 or above; Android 10.0 or above / EN, DE, FR, ES, IT, NL, CZ, PL, PO (10-2023)

Package Contents:

1x PV Micro Inverter 800W, 2x Solar module 325W, 1x 5m connection cable, 1x user manual
Additional accessory: Balcony bracket TX-230

Yield:

Balcony power plant power 600 watts
Ø power yield / year 570 kWh
Ø power yield / day 1.56 kWh

Warranty:

Solar Panel
25-year limited warranty of 80% power output
10-year mm warranty of 90% power output
Micro Inverter
12 years (144months) limited warranty

Art. Nr. 5104
