

Warning Light TX-395

Features:

- Magnetic fastening system with neodymium magnets
- Highly resistant injection-molded polycarbonate housing
- IP54 protection
- Product Dimensions: 89.7 × 89.7 × 50.5 mm
- Product weight: 175 g
- Materials: PC, TPE
- Battery: 6LR61 9V, 650 mAh
- Operating time: up to 260 minutes
- Flashing Frequency: 0.8-1Hz
- Activation method: manual operation
- Wind resistance: 180 Pa
- Operating temperature range: -20 °C to +70 °C
