

Bluetooth-Speaker with RGB-Light BT-X66

Bluetooth V5.3

2x 5W Loudspeaker

With various disco light function

Rechargeable
1800mAh battery

Built-in microphone for
phone calls

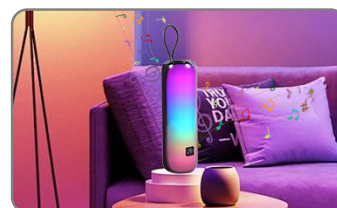

USB drive playback

MicroSD playback

Integrated FM-radio

- Bluetooth V5.3
- Disco light function
- USB drive playback
- Integrated FM-radio
- Built-in microphone for phone calls
- MicroSD slot for up to 32GB
- Line-In function

Technical specifications:

- Bluetooth version: V5.3
- Bluetooth: Transmitting distance ~10m (open space)
Frequency band: 2.4GHz
Radiated transmission power: max. 2.5mW
- Functions: Party light, Bluetooth, AUX-IN, USB, MicroSD, FM-radio, phone call function
- Loudspeaker output power / size / frequency / impedance: 2x 5W / Ø52mm / 168Hz-18kHz / 4Ω
- S/N: ≥ 85dB
- Distortion: ≤ 0.5%
- Audio codec: BR, EDR, BLE
- Radio frequency: 87.5-108MHz
- Audio jack: 3.5mm
- USB / MicroSD supported storage: up to 32GB (FAT32)
- USB / MicroSD file type: MP3
- Playtime: up to 4h (middle volume)
- Charging time: approx. 4h
- Power supply: 5V / 1A
- Battery: 1800mAh lithium polymer battery 3.7V
- Charging interface: USB-C
- Operating temperature: -10°C up to +50°C
- Material: ABS plastic, silicone, fabric
- Weight / dimension: 685.5g / 24.8 x Ø 7.5 cm

Package Contents: MusicMan
BT-X66, charging cable, user manual

Article Number: 5175
