

LED Nightlight Speaker with wireless charging TX-264

Bluetooth V5.3

RGB light

Wireless charging

2000 mAh Battery

USB / MicroSD /
FM-Radio / AUX-IN

- **Bluetooth V5.3**
- **RGB Light with 6 modes**
- **10W Wireless charging function**
- **Built-in 2000mAh battery**
- **USB and MicroSD slot for up to 32GB**
- **FM-Radio and AUX-In function**

Technical specifications:

- Bluetooth version: V5.3
- Bluetooth: Transmitting distance ~10m (open space); Frequency band 2.4GHz; Radiated transmission power max. 2.5mW
- Functions: Bluetooth, AUX-IN, USB, MicroSD, FM-Radio
- Light: 6 ambient LED modes
- Loudspeaker output power / size / frequency / impedance: 5W / Ø45mm / 50Hz-20kHz / 3Ω
- Radio frequency: 87.5-108MHz
- Audio jack: 3.5mm
- USB / MicroSD supported storage: up to 32GB (FAT32)
- USB / MicroSD file type: MP3
- Power: 15W
- Battery: Built-in 2000mAh / 3,7 V
- Charging time: approx. 2h
- Play time: approx. 4h (middle volume)
- Wireless charging output power: 10W
- Charging interface: USB-C charging interface 5V/2A
- Operating temperature: 10°C to 45°C
- Material: ABS plastic
- Weight / dimension: 800 g / 235 x 80 x 238 mm

Article Number: 5102

Package Contents: LED Nightlight Speaker with wireless charging TX-264, charging cable, user manual
