

Starter BiDo Flexi Solar Fence TX-356

Dual function

Generate electricity with your fence

6x80W Solar panel

Energy monitoring via Wifi

Easy to install - thread into fence, grid or railing

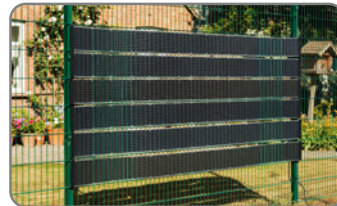

800W Inverter

5m Connection cable

Plug and Play

- incl. inverter 800W & WiFi and connection cable 5m
- Generate electricity with your fence
- Dual function – privacy screen & green electricity
- Easy to install – thread into fence, grid or railing
- 6x Bifacial Monocrystalline solar modules 80 Wp
- For 2.5m wide double wire mesh fences
- For one fence element, minimum height 1.2m
- 480 Wp power per fence element
- Real-time data and alarms via S-Miles app
- Data collection for energy generation
- Suitable for feeding power into the 230V household network
- Ideal for covering the base load during the day in your home
- MPP tracking for optimal feed-in

Technical specifications:

- Solarpanel: Bifacial Monocrystalline
 - Cable connection: MC4
 - Max. power: 80Wp
 - Max-power Voltage (Vmp): 31.51V
 - Max-power Current (Imp): 12.54A
 - Module Efficiency: 17.51%
 - Max. system voltage: 1000V
 - Cable length: 10cm
 - Operating temperature: -40°C ~ +85°C
 - Micro Inverter 800W
 - Nominal output power: 800VA
 - Nominal output current: 3.48A
 - Nominal output voltage: 230V
 - Operating temperature: -40°C - +65°C
 - Transmission: Built-in WiFi
 - Frequency range: 2.412 - 2.472GHz
 - Radiated transmit power: max. 18.4dBm /69.2mW
 - Box Weight / Dimensions (total): 18kg / 119 x 53 x 20cm
 - Module Weight / Dimensions: 1.67kg / 250.1 x 18.2 x 0.2cm
- Package Contents:** 1x PV microinverter, 1x connection cable 5m, 6x solar module 80W, 2x 1.5m MC4 extension cables, 2x MC4 sealing caps (set), 2x metal cable ties, 1x user manual
