Mehrzweck
Anschluss an MP3, iPhone, iPad, iPod, PSP, Mobiltelefone, PC, Notebooks, etc. USB-Flash-Laufwerk-Unterstützung und Anschluss über 3,5 mm AUX macht dieses Handheld Sound-Bombe wirklich nützlich auf Reisen, Wandern, Camping, etc.
RGB Lights & Clear Sound

Delivers excellent sound from integrated high quality speakers. Crystal clear sound and strong bass without distortion even at highest volume. Play time of 4 hours on 50% volume and 3 hours on max volume won't let you get bored. RGB lights on the sides can make an outdoor/indoor party in any place and time.

Portable & Loud

2x 7W loudspeakers, weight of 1.7 kg and dimensions 28 x 12 x 12 cm makes this device really portable, so you can enjoy and share your music anywhere. Built-in rechargeable 3600 MAh battery will keep you on music wave for long time. Practical carrying handle allows you to take this sound station with you. Shoulder strap makes much easier to transport this soundspeaker

Easy Installation

All you need is sound-source (flash-drive, aux plug in or any source device with bluetooth) – turn device on and enjoy your favorite music. Splash-proof feature will protect your powerful speaker from impacts.
