Disco Mobile Auto Charger TX-159

Detachable plug

Colour changes to the beat of the music

Battery for up to 4 hours

USB-C and QC3.0 fast charging

Built-in battery

Multipurpose: perfect for indoor use, camping or beach party

5V 2.1A

All-in-one

With the small TX-159 disco ball you can charge any of your mobile devices quickly and safely in your car - smartphones, tablets, audio video players, headphones, etc. Up to 2 devices can be charged via 2 USB ports at the same time.

Disco function

The disco ball LED party lamp turns your car into a special party location. Colourful party accessory for the cigarette lighter socket with sound detection, thanks to the removable head, a perfect party light for any indoor area, or for camping or your beach party.
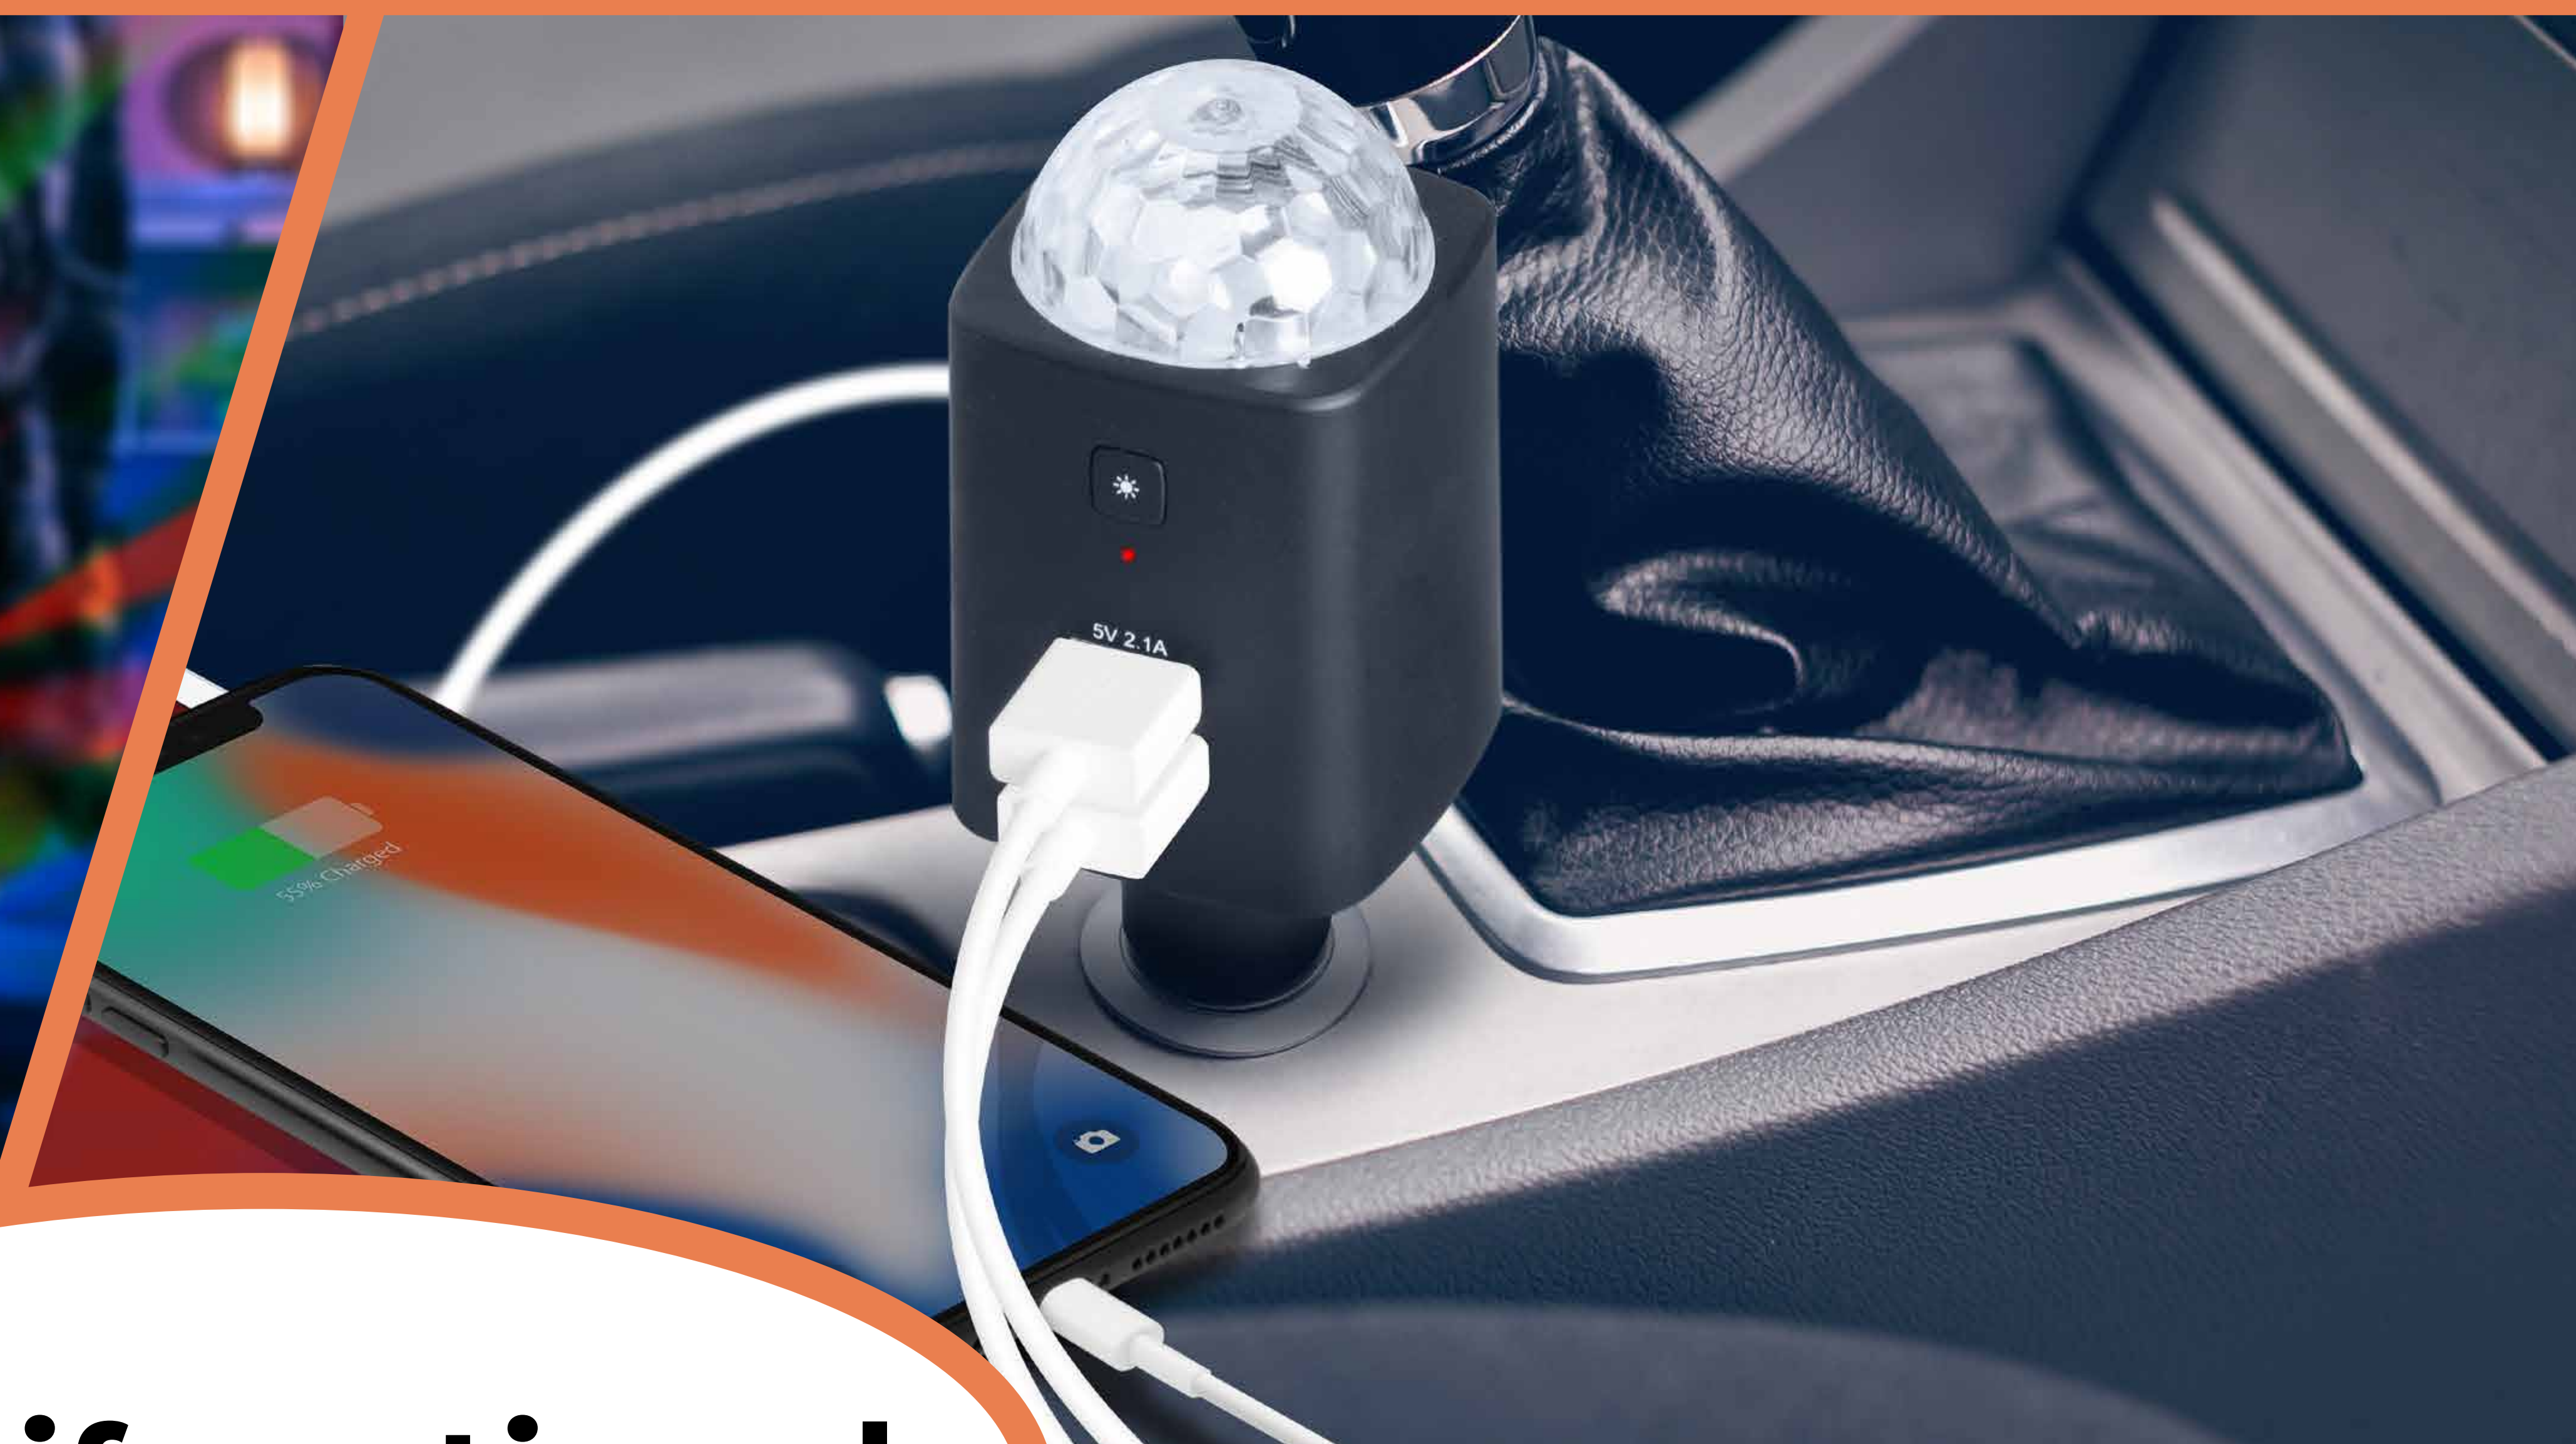

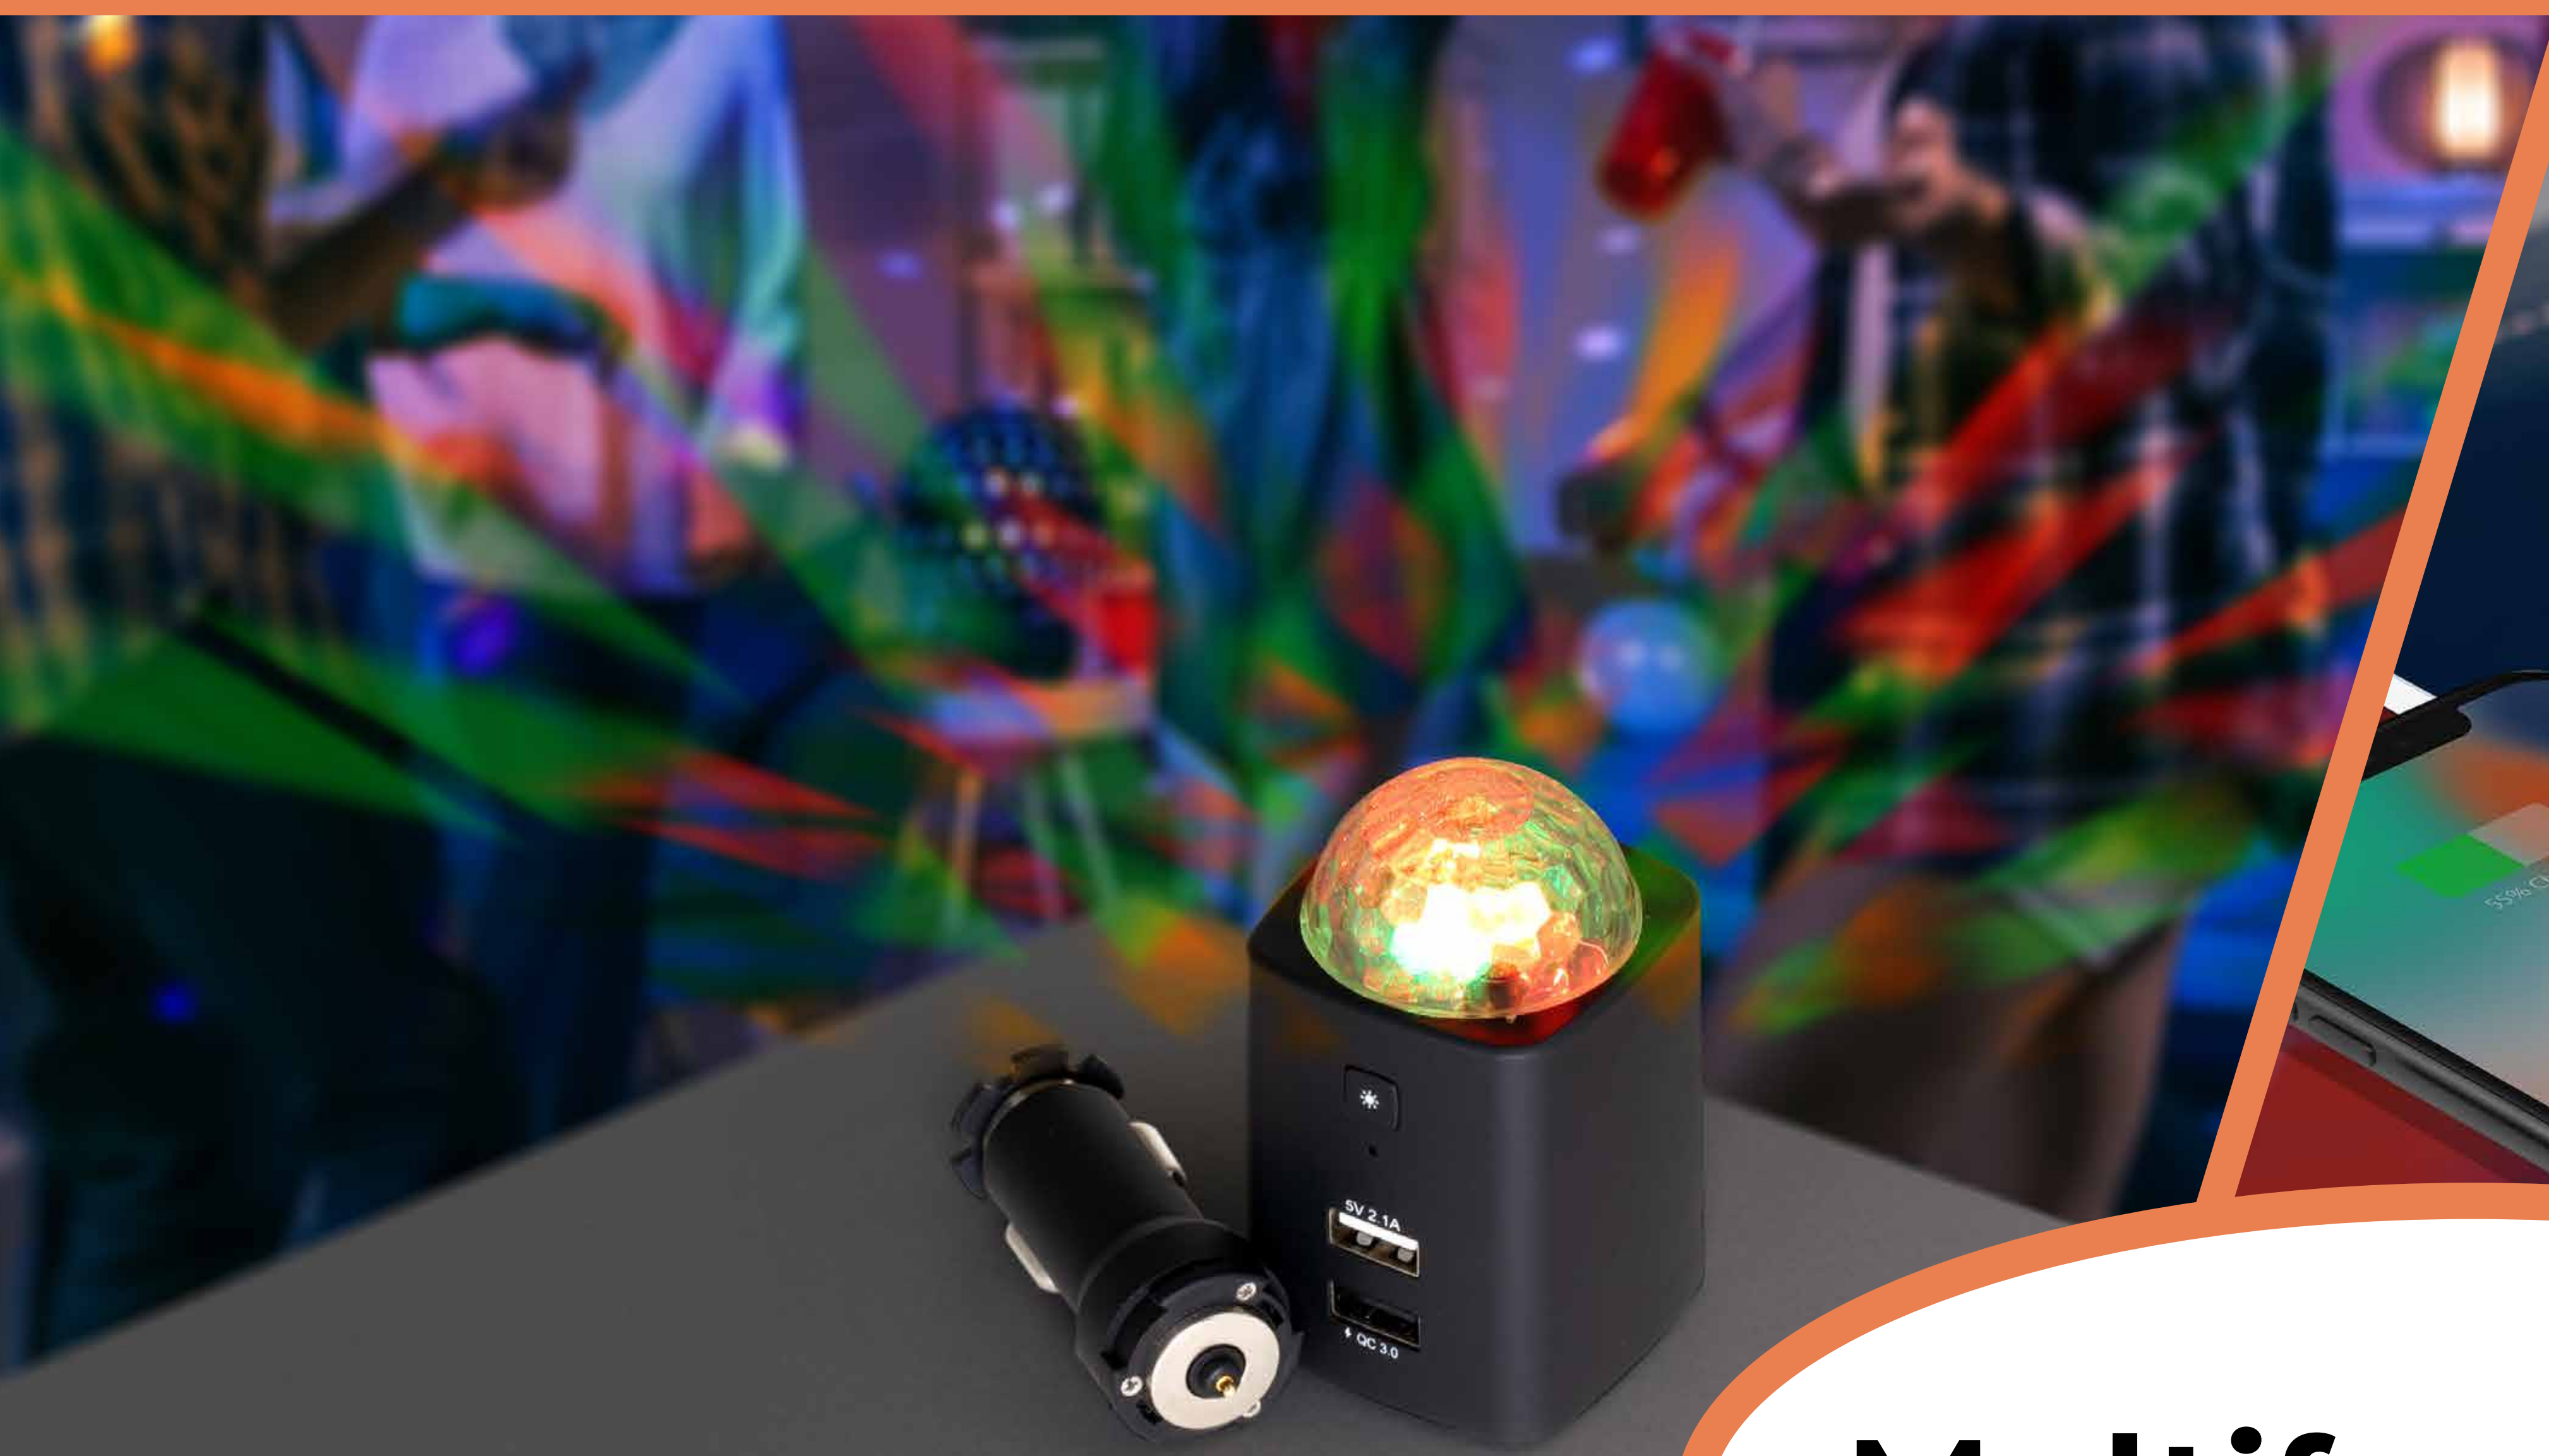

Built-in battery

With the built-in 800 mAh battery, you can take this small disco ball with disco light anywhere. Up to 4 hours you have full lighting fun.

Fast Charge

The TX-159 disco light with USB QC3.0 port provides a fast charging time of up to 80% in just 35 minutes and thus a 3-4 times faster charging speed.
