Package Contents:

- MusicMan® DAB Bluetooth Soundstation BT-X29
- USB charging cable
- Audio cable
- Antenna
- User Manual

DAB+ & FM Radio

All-in-one device that allows you to listen your favorite music in FM or digital radio. External antenna for better signal. Also DAB is more robust with regard to noise and multipath fading for mobile listening, so you can enjoy a better quality of audio.

Bluetooth Music Transfer

Stream your own music with no restrictions using bluetooth v2.1. Full freedom of sound and much safer driving. Just connect your smartphone, tablet or laptop to portable soundstation and enjoy your own music.

MP3 Player

MP3/WMA/WAV music format support. Just plug in SD-card or USB drive to play music using built in player with lot of functions. Also replaceable rechargeable lithium 600mAh battery 3.7V provides about 8 hours of playing, so it's ideal for traveling.

LCD display

Illuminated display 12,8x6,4cm reflect all the common info like current FM/DAB wave, time, charge, date, program type, etc. Calendar, clock & alarm function will also serve you as well.
