Clip assembly

- For attachment place the latch onto the lock area slot on the back side of the rear charger unit and then pull it up to fix it. A “clic” sound confirms the fixation.
- For detachment push the clip downwards to detach it from the rear charger unit and change it.

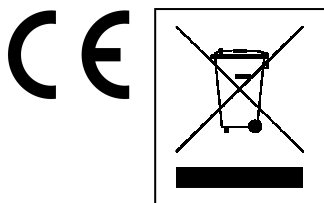

Operating instructions

- Connect the front unit of the charger into the cigarette lighter socket of your car.
- Then attach the back seat charger to the preferred positions.
- Use any of the USB port to charge your mobile device or tablet.

NOTE: Each of the four USB ports will support 5V/2.4A maximum output power for simultaneous charging.

Warnings

- Make sure that voltage of device to be charged is lower than 5V. Otherwise it may destroy the device.
- Do not remove any cover to avoid the risk of an electric shock or other damages.
- Do not attempt to disassemble the device, it may result in short-circuit or even damage.
- Do not drop or shake the device, it may break internal circuit boards or mechanics.
- Keep the device in dry and ventilated environment. Avoid high humidity and high temperature. Do not install the device near any heat source, such as radiators, or other equipment that produces heat.
- Do not expose this unit to rain or moisture to reduce the risk of fire or electrical shock. The device should not be exposed to dripping or splashing. Do not place any objects filled with liquids shall be placed on or near by the device.
- Keep the device away from little children.

Hints for Environment Protection: Packages materials are raw materials and can be recycled. Do not disposal old devices or batteries into the domestic waste. **Cleaning:** Protect the device from contamination and pollution (use a clean drapery). Avoid using rough, coarse-grained materials or solvents or aggressive cleaner. Wipe the cleaned device accurately. **Distributor:** Technaxx Deutschland GmbH & Co.KG, Kruppstr. 105, 60388 Frankfurt a.M., Germany
