12V
230V

Power Inverter DC 12V
on AC 230V

2 x USB

Connecting cable for car adapter

Connection cable
for car battery

- For mobile use of electronic devices via 12V connection
- Protective contact socket
- USB-A port
- USB-C port
- On/off switch
- 2 connection cable

Technical Specifications:

- Input voltage of the battery DC 12V (10.5V–16V)
- Output voltage AC 230V / AC frequency 50Hz nominal, Modified sine wave
- Output power max. 300W (continuous) & 600W (peak)
- 2x 5V USB ports with max. 3,1A (in total)
- Connection cable for car adapter 90cm
- Connection cable for car battery 90cm with two colour-coded crocodile clips
- On/off switch

Dimensions / weight: 17 x 11 x 6cm / 483g

Package Contents: Technaxx inverter 300W TE 24, 2 x connection cable, instruction manual

Item No. 5029
