Charging

	Please remove the wristband from the device first
	Now connect the device to a USB port to load it

Product overview

1	Display	3	Heart rate sensor
2	Touch-Button	4	USB-Plug

NOTE: The device should be charged at least 1 hour before use.
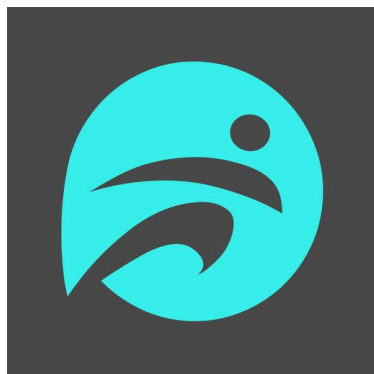

Start up

Hold the Touch-Button for two seconds to turn on your Wristband. The wristband display will light up and the start screen will appear. **INFO:** If the last mobile device connected to your Wristband is turned on and the Bluetooth function is activated on both devices, then the wristband will automatically connect with the mobile device.

Install FunDo Pro APP on your Smartphone

Search for "**FunDo Pro**" APP in the Google Play Store/Apple APP-Store or scan the following QR code for the installation.

Google Play Store   Apple App Store

Connect the wristband with the FunDo Pro APP

Wait until the device is fully charged. Activate the Bluetooth of your Smartphone. Than open the APP. Confirm all requests to get the most out of the APP. Press „Add device" under „More" and search for "**TG-HR2**"**.** Choose "**TG-HR2**" from the list and you are ready. Now the wristband is connected with your Smartphone and the APP.
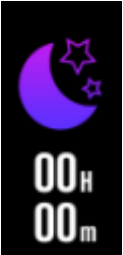

Start using

When the wristband is connected to the APP successfully, it will sychronize the time, the date and the weather informations. It counts steps, distance and calories automatically. Press the Touch-Button to scroll through each screen on the display.
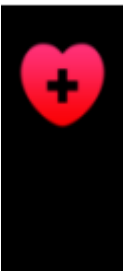

Pedometer

	Tap the Touch-Button until you see these icons. The Pedometer counts your footsteps, calculates the travelled distance and calorie consumption.

Sleep Monitor

	Tap on the Touch-Button until you see this icon. If you would like to monitor your sleep quality based on your sleeping time, you should wear the wristband on your wrist while you go to sleep. Note: Auto sleep monitoring only from 9 pm to 9 am.

# Heart rate and blood pressure

	Tap on the touch button until you see this icon. Now hold the Touch-Button to enter this option. Your heart rate will now be measured. Tap once more if you want to measure your blood pressure. Note: If you want to have a statistic of your heart rate / blood pressure data, you need to synchronize each measurement with the FunDo Pro APP on your smartphone.

Select a sport

	Tap the Touch-Button until you see this icon. Hold the Touch-Button to enter this option. Now you can choose between different sports. Tap on the Touch-Button until you have reached the desired sport. Now hold down the Touch-Button to select the desired sport.

Messages / Push-Notifications

	Tap on the Touch-Button until you see this icon. Hold the Touch-Button to enter this option. Now you can see your Push-Notifications like missed calls, SMS, WhatsApp, Twitter, Instagram, Facebook, Messenger, etc.

More / Anti-Lost / About / Power-Off

	Tap the Touch-Button until you see this icon. Hold the Touch-Button to enter this option. Now you can choose between "Find Phone", "About" and "Power Off" by tapping the Touch-Button. Hold on the Touch-Button to enter or select on of these options.

### Other Notifications

Achieved goals	Incoming call	Activity reminder	Drink reminder	Alarm clock	Find your Wristband

Hints
● Bluetooth connection becomes disconnected when the device exceeds a certain distance. ● Reconnect with Bluetooth if Bluetooth does not work for more than 5 min.

Safety instructions
● Rebuilding or modifying the product impairs product safety. ● All modifications and repairs of the device or accessories must be performed by the manufacturer or by persons expressly authorized by the manufacturer. ● Never open the product by yourself or perform repairs by yourself! ● Handle the product carefully. It can be damaged by knocks, blows or even by falling from low height. ● Keep the product away from damp, moisture and extreme heat. ● Never immerse the product in water or other fluids. ● Technical specifications are subject to change without notice. ● Never heat the battery above 60°C and do not drop or throw it into the fire, danger of explosion/fire hazard! ● Do not short-circuit the battery. ● Do not subject the battery to mechanical stress. Avoid dropping, striking, bending, twisting or cutting the battery. ● Discontinue the charging process immediately should the battery become overheated. A battery that becomes overheated or deformed during the charging process is defective and should no longer be used. ● Never drain the battery completely, as this shortens its lifetime. ● If the battery must be stored, it is recommended that it be stored at 30% of its loading volume. Store out of direct sunlight. Ideal storage temperature: 10–20°C. ● Keep the product away from little children.

Hints for Environment Protection: Packages materials are raw materials and can be recycled. Do not disposal old devices or batteries into the domestic waste. **Cleaning:** Protect the device from contamination and pollution. Avoid using rough, coarse-grained materials or solvents/aggressive cleaner. Wipe the cleaned device accurately. **Distributor:** Technaxx Deutschland GmbH & Co.KG, Kruppstr. 105, 60388 Frankfurt a.M., Germany
