Aroma Smartphone Car Holder TE15

Aroma Smartphone holder for car's ventilation grilles

The Declaration of Conformity is under the Internet link: **www.technaxx.de/** (in bottom bar "Konformitätserklärung"); Before using the device, read the user manual carefully.

Service phone No. for technical support: 01805 012643 (14 cent/minute from German fixed-line and 42 cent/minute from mobile networks). Free Email: **support@technaxx.de**

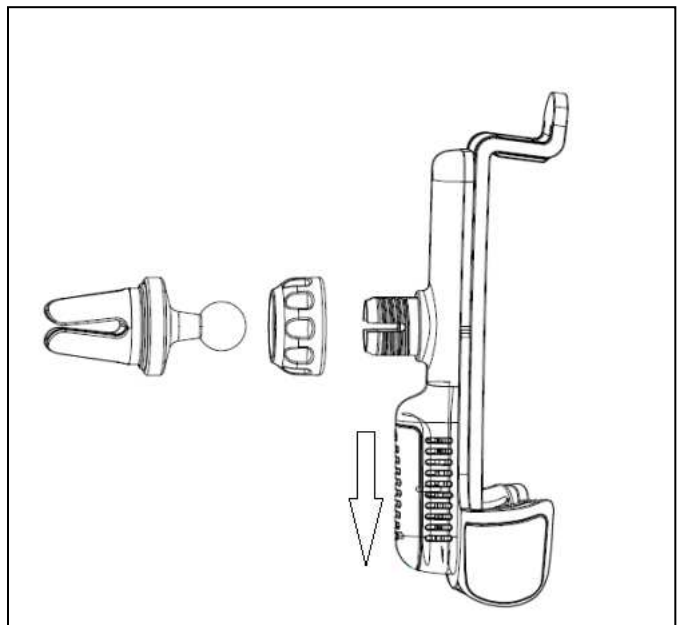

First Steps

→ Push the TE15 holder's cover on the back in the direction of the arrow (see picture). Take out a new Aroma Tab from the Aroma Tab package and insert it in the free space for the Tabs; or take out the old Aroma Tab by pulling the plastic part, and then insert a new one. Close the holder's cover against the arrow direction.

→ Place the screw cap over the ball joint of the ventilation bracket (see left in the figure). Do not twist yet!

→ Snap the vent holder onto the TE15 mount's ball joint. You will hear a "snap" sound when it is properly connected.

→ Tighten the screw cap to the cradle by turning it clockwise.

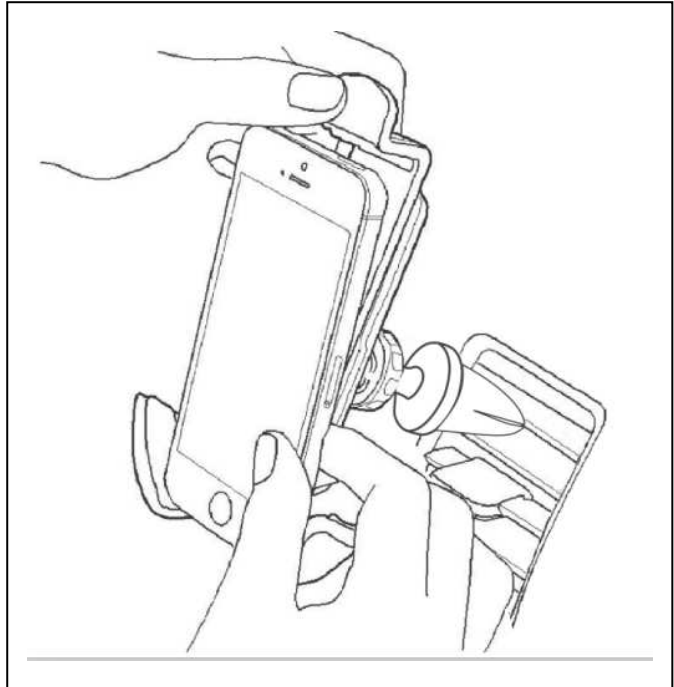

Weight / Dimensions: 71g (with Aroma tab) / (L) 8.5 x (D) 10 x (H) min.11/max.17cm
Suitable for Smartphones of 3.5-6 inches

How to attach the TE15 mount to the air vent

Attach the Smartphone holder to the car's ventilation. Ensure that the slots of the silicone-coated ventilation bracket are aligned parallel to a slat of the ventilation slots. Carefully slide the bracket onto one of the slats. Then insert the Smartphone (as shown in the figure, description below) into the holder.

NOTE: The air vent in each car can vary.

When aligned the bracket, be careful not to break the air vent.

How to remove the TE15 mount from the air vent

→ First remove your Smartphone from the cradle. Removing the Smartphone from the cradle is exactly the opposite process to the insertion (it is described below). → Gently pull back the holder from the slat of the car's ventilation.

How to put the Smartphone into the cradle

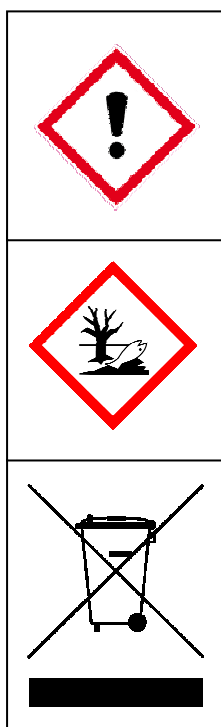

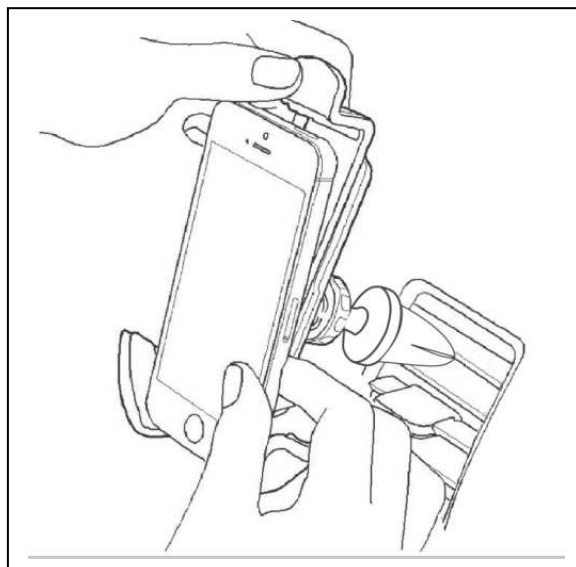

→ Push the center release button (in the below middle); push it up to extend the cradle to its most extended position. → Place your Smartphone into the cradle and push down the top of the cradle until it clicks in to a locked and secured position. **NOTE:** Be sure to push your Smartphone all the way in until the back touches the cradle before into position.

How to get the Smartphone out off the cradle

While holding the top of the bracket with one hand and push it slightly back, pull out your Smartphone from the cradle. Move the upside of your Smartphone out of the holder around 30° in the direction. Take out the Smartphone in the direction. Move the Smartphone outward lightly, in order not to damage itself or the cradle.

NOTE:

Attach or remove the holder from the ventilation as well as insert or remove either the Smartphone or Aroma Tab ONLY when the vehicle is stationary and its engine is switched off.

Caution regarding the Aroma Tabs: Keep out of the reach of children. IF IN CONTACT WITH SKIN: wash with plenty of water and soap. If medical advice is required, provide packaging or labeling. May cause an allergic skin reaction. Causes serious eye irritation. Toxic to aquatic life with long lasting effects.

Hints for Environment Protection: Packages materials are raw materials and can be recycled. Do not disposal old devices or batteries into the domestic waste. **Cleaning:** Protect the device from contamination and pollution (use a clean drapery). Avoid using rough, coarse-grained materials or solvents/aggressive cleaner. Wipe the cleaned device accurately. **Distributor:** Technaxx Deutschland GmbH & Co.KG, Kruppstr. 105, 60388 Frankfurt a.M., Germany
