

# Jump Starter with Compressor TX-219

## Car jump starter, air compressor, power bank, LED lamp

-  Jump Starter
-  14000mAh Lithium Battery
-  USB-A for charging modern mobile devices
-  Compressor up to 3.5 Bar
-  Automatic switch-off
-  Start Engines gas up to 4.0L / Diesel up to 3.0L

- Jump Starter with 14000 mAh Lithium Battery
- Compressor up to 3,5 Bar with automatic switch-off if set pressure is reached
- Start Engines gas up to 4,0L / Diesel up to 3,0L
- USB-A outputs for charging mobile devices (e.g. mobile phones, tablets, laptops or cameras etc.)
- Operation Temperature: -20 - 60°C
- LED work light
- Battery indicator
- Easy to handle & simple to operate
- Display with 4 different pressure units: Bar, KPA, KG / cm, PSI
- Compact and extra light: 1,4 KG

### Technical specifications:

- Battery Capacity: 14000 mAh Lithium Iron Phosphate battery
- Starting current 350A, max. 600A
- 1 USB-A 5V, 2A
- 1 USB-A 5V, 1 A
- Air compressor: 12V / 100W
- Hollow Input 3.5x1.3 with 15V 0.4A max.
- LED light: with different functions
- Dimension / Weight: 19.0 x 13.0 x 5.5 cm / 1.16 kg

### Package Contents:

Technaxx Jump Starter with Compressor TX-219, adapter cable with battery clamp, AC adapter, compressed air hose, USB cable, adapter cable KFZ, manual.
